ZYTO technology is the ultimate decision support tool for health and wellness professionals.

## Key Features of the Elite 5.0

- Comprehensive 20 – 45 minute scans
- More than 40,000 scan combinations
- More than 150 nutritional companies available
- Remote scan via web connection
- Ability to author customized scans
- Leading biocommunication analysis technology
- Customizable platform
- Access to a comprehensive Virtual Item library

# Elite 5.0

The Elite is the most advanced and feature rich software offering in the ZYTO 5.0 platform. The Elite allows you to access libraries containing Virtual Items related to products from more than 150 nutraceutical companies, and the ability to add items to your own personal library. With the Elite, you'll have access to an extensive library containing virtual items representing homeopathy, chemicals, heavy metals, nosodes, sarcodes, and more. With the Elite you can organize Virtual Items and scan on-the-fly during a client consultation, or create and save automated scans called biosurveys ahead of time. Running biosurveys will save you time and give you the ability to hand off the process to an assistant.

## Training, Support and Service:

ZYTO is the Global Leader in Biocommunication and provides support and training to thousands of practitioners. Our customer service/support department is the best in the industry offering practitioners assistance both during regular and after hours, seven days a week.

ZYTO provides extensive training tools to help you be successful in your practice. ZYTO offers training webinars and many live events throughout the United States. With online training, you can watch videos and download manuals. All of this is included in your low subscription of \$50 per month.

## Ongoing Product Updates:

ZYTO's development team includes highly experienced individuals dedicated to bringing you the most advanced technology in

Biocommunication. ZYTO continues to make significant advancements in the field of Biocommunication, and with ZYTO's subscription model, you will be kept up to date with the latest software releases at no additional charge.

## Testimonials:

"ZYTO bio-technology creates a better informed patient, and affords greater compliance, better clinical results, and patient satisfaction. This tool leads to greater patient retention, and the referral of family, friends, and neighbors while adding yet another revenue center to the practice through scans and added dispensary."

— Dr. L. N. Meltz

"ZYTO Technology has saved me time, money and has improved my effectiveness with my patients."

— Dr. B. Shelton
